

# WINTER BIRD FEEDERS

## Recycled Christmas ideas

### You will need :

- String or strong thread
- Pine cones big ones !
- **Dripping/lard**
- **Birdseed**
- OR
- **Bird Fat ball**

### Method :

- In a big bowl soften the lard or fat ball .
- If using lard mix in the bird seed you can add raisins too.
- Squash it into the cracks in the pine cone until it is full and heavy.
- Tie some string or thread to the top of the cones.
- Hang by the string from a tree or bird feeder.

You can use this as a way of taking photos of garden birds which you can use for next years Christmas card .
